Zoom Name and Pronoun Changes

Sometimes people's preferred name and pronouns do not match their university records.

Mathew Hall, Office of the CIO, has posted these instructions to help users who wish to change how they appear to others in zoom, without changing their university records.

To change how your name and pronoun appears to other people you will first have to sign in with your UCSBnetID at https://ucsb.zoom.us/

- Click on PROFILE under the PERSONAL section
- Edit your User Profile

![Edit Profile](https://ucsb.zoom.us)

- Click on the EDIT link in the upper right side of the web page
- Append your pronouns to your last name in parentheses (he/him/his in my case)

You may also change your first and/or last name, default profile pic and several other options.

Zoom uses these to label you during zoom meetings.
Gender Pronouns

Please note that these are not the only pronouns. There are an infinite number of pronouns as new ones emerge in our language. Always ask someone for their pronouns.
