Zoom Name and Pronoun Changes

Sometimes people's preferred name and pronouns do not match their university records.

Mathew Hall, Office of the CIO, has posted these instructions to help users who wish to change how they appear to others in zoom, without changing their university records.

To change how your name and pronoun appears to other people you will first have to sign in with your UCSBnetID at https://ucsb.zoom.us/

- Click on PROFILE under the PERSONAL section
- Edit your User Profile

You may also change your first and/or last name, default profile pic and several other options. Zoom uses these to label you during zoom meetings.
- Click Save
